

952.223–72 shall be included in the contract or subcontract.

(d) In facilities not meeting the requirements of either 923.7002(b) or 923.7002(c) of this section and where there is a machine capable of producing ionizing radiation, it is DOE policy not to regulate such activity where it is adequately regulated by a state or other Federal agency. In such cases, neither clause 952.223–71 nor 952.223–72 shall be incorporated in the contract. Where the contracting officer, with appropriate environmental, safety and health advice determines that no state or other Federal agency exists to adequately regulate the operation and/or use of such machines, the clause found at 952.223–72 shall be included in the contract. The Assistant Secretary for Environment, Safety and Health (or designee) shall be consulted to determine if a non-agreement (NRC) state or a facility located in a non-agreement state has been reviewed by any other DOE office to establish that the state agency has the essential authority and resources for enforcing the radiation protection standards. This is to assure reasonable consistency in the assessment of radiation protection in non-agreement states and subsequent use of 952.223–72.

(e) In a situation where the contractor or subcontractor is performing DOE work at more than one location, inclusion of either, or both, 952.223–71 and 952.223–72 may be appropriate. In such cases, the contract or subcontract must include language to specify the extent of applicability of each clause used. For example, with a parenthetical: (Applicable only to work performed at a contractor site which has 952.223–71 or 952.223–72 clause in its contract or subcontract).

(f) Except as prescribed in 48 CFR 970.1504–5(c), the contracting officer shall insert the clause at 48 CFR 952.223–76, Conditional Payment of Fee or Profit—Safeguarding Restricted Data and Other Classified Information and Protection of Worker Safety and Health, in all contracts that contain both the clause at 48 CFR 952.204–2, Security, and the clause at 48 CFR 952.250–70, Nuclear hazards indemnity agreement.

(g) Except as prescribed in 48 CFR 970.1504–5(c), the contracting officer shall insert the clause at 48 CFR 952.223–77, Conditional Payment of Fee or Profit—Protection of Worker Safety and Health, in all contracts that do not contain the clause at 48 CFR 952.204–2, Security, but that do contain the clause at 48 CFR 952.250–70, Nuclear hazards indemnity agreement.

Subpart 925.70—Acquisition of Nuclear Hot Cell Services

SOURCE: 58 FR 8910, Feb. 18, 1993, unless otherwise noted.

925.7000 Scope of subpart.

This subpart prescribes policies for selection for contract award of nuclear hot cell services when one of the competitors is a foreign company. This subpart does not apply to the acquisition and use of nuclear hot cell facilities on-site at a DOE-owned or -leased facility.

925.7001 Definitions.

Costs related to the decommissioning of nuclear facilities, as used in this subpart, means any cost associated with the compliance with regulatory requirements governing the decommissioning of nuclear facilities licensed by the Nuclear Regulatory Commission. Such costs for foreign facilities and for Department of Energy facilities are costs of decommissioning associated with the compliance with foreign regulatory requirements or the Department's own requirements.

Costs related to the storage and disposal of nuclear waste, as used in this subpart, means any costs, whether required by regulation or incurred as a matter of prudent business practice, associated with the storage or disposal of nuclear waste.

Foreign company, as used in this subpart, means a company which offers to perform nuclear hot cell services at a facility which is not subject to the laws and regulations of the United
